The Southern Christmas Tree Association will co-host a new Christmas tree grower workshop Saturday, April 23, 2022 with Gray Anderson of Grant Farms in Allen Parish, Louisiana with the assistance of experienced members. The workshop will focus on the basic needs and techniques for a new grower to establish and operate a choose and cut Christmas tree farm. If you are in the early stages of operating a choose and cut farm, just exploring the idea or planning the opportunity, attending this workshop will better equip you with valuable “hands-on” information.

For the registration form, agenda, SCTA membership application/renewal form, updates and announcements, visit SCTA’s website www.SouthernChristmasTrees.org or Facebook page “Southern Christmas Tree Association”.

The workshop will be a popular, well attended event. Please register early with SCTA’s executive secretary. The official start time is 8:45 AM. The gate will open 8:00 AM with a pot of coffee followed by lots of good information, a hearty lunch and continue until 4:00 PM.

Non-members are highly encouraged to join SCTA even if you are not actively farming trees.

SCTA extends sincere gratitude to the Anderson family for hosting the event and to the unselfish members who assisted Gray with the presentations.

Thank you,
